## WILL END IN FAILURE

PREVAILING VIEW IS THAT THE FATE OF THE PEACE CONFERENCE IS SEALED.

## ENVOYS UNABLE TO AGREE

BELIEVED THAT THE MEETING ON TUESDAY WILL BE THE LAST ONE TO BE HELD.

Portsmouth, N. H., Aug. 19.—Black pessimism now reigns at Portsmouth. The prevailing view is that the fate of the peace conference is already sealed, that it has ended in failure and that all that now remains is for the plenipotentiaries to meet on Tuesday, to which day they adjourned Friday afternoon upon completing the seriatim consideration of the Japanese terms, sign the final protocol, go through the conventions, and bid each other farewell. In other words that the meeting Tuesday will be what diplomacy calls the "Seance d'adieu." But there is still room for hope of a compromise. Neither President Roosevelt nor the powers will see the chance of peace shipwrecked without a final effort and that pressure is being exerted, especially at Tokio, to induce Japan to moderate her terms, is beyond question. Just what is being done or is to be done, has not transpired. King Edward is understood to be now lending a helping hand and the financiers of the world are known to be exerting all their influences. At Tokio and St. Petersburg the final issue will be decided.

The Japanese have been implacable throughout the six days' sittings. They have listened and explained, but they have yielded not an iota of the substance of their original demands. M. Witte accepted outright 7 of the 12 Japanese conditions, one in principle and four, including the main issues, indemnity and Sakhalin, he rejected. The other two, limitation of naval power and the surrender of interned warships, might have been arranged had there been any prospect of agreement on the two points upon which the divergence seemed irreconcilable. In the oral discussion of the terms, M. Witte yielded upon two articles but substantially the result of the thirteen sittings of the plenipotentiaries has only been to emphasize the position taken by M. Witte in the written reply he presented last Saturday to the Japanese terms.

### Both Sides Turn to Home.

And now both sides turn to home for the last word before the cards are thrown face upward upon the table next Tuesday, for the impasse reached Friday by the plenipotentiaries is recognized to be only a diplomatic fiction. If, in the interim, fresh instructions are received by either side compromise is yet possible. But the chances are recognized to be slim.

So far as the Russian plenipotentiaries are concerned there never was a chance of their yielding both indemnity and Sakhalin. The cession of Sakhalin without indemnity was, according to the best inside information, the extreme limit to which M. Witte would ever consent to go and the emperor has not yet given the word even to concede that. And Friday night suddenly a new factor was introduced which, in the opinion of those most competent to judge, lessens materially the chances that he might do so, namely, the issuance of the manifesto granting a popular representative body to his subjects. The bearings of this "historic document," as M. Witte described it a few days ago, upon the issue are easily comprehensible. It is bound to ameliorate the internal situation in Russia. It is the entering wedge for the realization of the century-old dream of the Russian people.

"It will create enthusiasm at home," said one of the most prominent members of the Russian mission, "because all thinking men realize that it means eventually a great change in the composition of the Russian state. It will be followed by a true parliament, a responsible ministry, a premier, and Russia will become a constitutional monarchy."

### Significance Is Very Plain.

It is pointed out that the manifesto is timed like what the French call a coup de foudre and that its significance is too plain to be questioned. It was to have been issued last Saturday when the Russian reply was presented, but it was held over until the conclusion of the oral consideration of the Japanese terms. Meantime, the terms had been published everywhere throughout Russia. The press, even the liberal press, had replied that Russia could not pay money for the privilege of getting out of Manchuria. The emperor had publicly proclaimed to his subjects on July 28 in reply to a telegram of the Oremburg clergy:

"The Russian people can rely upon me. I will never conclude a peace

humiliating or unworthy of great Russia."

The manifesto is Emperor Nicholas' answer to the Japanese demand for the payment of a war tribute.

The grant of this broad reform is regarded as virtually an appeal to the Russian people for support to resist it.

At Tokio it is impossible to tell what view will be taken. Peace probably can be even now secured by the sacrifice of the indemnity. Vague intimations come from the Japanese side that "the demand for the cost of the war" might be moderated, but M. Witte's reply is that he will pay liberally for the maintenance of the Russian prisoners in Japan, but "not a copeck for tribute."

The gravity of the situation from the Japanese point of view is contained in the following authoritative statement:

"I cannot say positively, because all things are possible, but I fear that the meeting on Tuesday will be the farewell session of the Washington conference. Japan has done her utmost for peace. Russia now knows Japan's irreducible minimum."

M. Witte himself gave not the slightest encouragement. For publication, he said, "We meet Tuesday only to sign the protocol," with the accent on the word "only."

Another bad sign was the change in the personal attitude of the envoys toward each other. During the week they have been growing more and more friendly at the luncheon which they take together at the navyyard. This conversation was likely and even gay at times. Friday they sat together and ate in silence. All seemed strangely constrained as if realizing that they could only agree to disagree and that the war must go on.

The situation can be summed up in a single sentence—prompt and heroic action by outside influence alone can save the conference.

### KANEKO VISITS ROOSEVELT.

Japanese Baron Makes His Fourth Trip to Sagamore Hill.

Oyster Bay, N. Y., Aug. 19.—President Roosevelt's only visitor Friday was Baron Kaneko, who studiously conceals his precise mission, but is known to be a confidential representative in this country of the Japanese government. This was his fourth visit to the president in a few weeks and the second within a week. Reasons developed Friday for the statement that Baron Kaneko's call had relation to the proceedings of the peace conference at Portsmouth, although it appears likewise reasonably certain that he did not come as the representative of the Japanese envoys. He is known to be in direct communication with the Tokio government. Whether he was the bearer of messages from the emperor of Japan to the president, is not known, but he came on his own initiative, the president not being aware of his coming until his arrival.

The president and Baron Kaneko had an extended conference, but nothing was disclosed concerning it, neither of the participants caring to make any statement about it. Baron Kaneko left for New York at 8 p. m.

## ROOSEVELT AT WORK

PRESIDENT TRYING TO PREVENT PEACE CONFERENCE ENDING IN FAILURE.

Portsmouth, N. H., Aug. 19.—At midnight Assistant Secretary Peirce was hurriedly called to the Hotel Wentworth, where a message was awaiting him from the president. He immediately wrote a lengthy reply. Later he was called to the telegraph instrument and for half an hour carried on a conversation by telegraph with the president at Oyster Bay.

The Associated Press has reason to believe that the purpose of the president's conversation with Mr. Peirce was to arrange for one of the Russians to go to Oyster Bay. The president is understood to be already in communication with the Japanese through Baron Kaneko. Mr. Roosevelt is undoubtedly prepared to make a last effort to induce the warring countries to compromise.

### APACHE KID AGAIN BUSY.

Noted Indian Outlaw and His Band on a Raid.

Santa Fe, N. M., Aug. 19.—Word was received at the headquarters of the New Mexico rangers in this city Friday that Apache Indians from Arizona are committing depredations in Southwestern Socorro county on the Mogollon reservation. Considerable stock has been taken from the settlers, who have organized a posse and are now pursuing the Indians. The latter are believed to be under the leadership of Apache Kid.

## MANIFESTO BY CZAR

CREATES NATIONAL REPRESENTATIVE ASSEMBLY LONG DESIRED BY RUSSIANS.

## SUFFRAGE IS NOT UNIVERSAL

IT IS BASED ON PROPERTY QUALIFICATION AND SOME PEOPLE ARE BARRED.

St. Petersburg, Aug. 19.—Russia's national representative assembly, the fruit of decades of stress and striving for reform, which endows the Russian people with the right of being consulted through their chosen representatives in the suggestion, preparation and repeal of legislation, now takes its place among the fundamental institutions of the empire.

In a solemn manifesto Emperor Nicholas announced Saturday morning to his subjects the fruition of his plans summoning the representatives of the people as outlined by him in a rescript issued on March 3, last, and fixes the date for the first convocation as mid-January, and in a ukase, addressed to the senate, formally orders that body to register as the imperial will a law project formulating the nature, powers and procedure of the new governmental organization.

The manifesto, ukase and project were published Saturday morning in special editions of the Official Messenger in St. Petersburg and Moscow and were given out for publication at noon to all the newspapers throughout the empire, many of which are preparing to issue extra editions to signalize a momentous historical event, overshadowing in importance the liberation of the serfs in 1861.

### The Date Happily Chosen.

The date of the occasion has been happily chosen with due regard to the poetical symbolism so dear to the Russian heart, for on this day is celebrated the great religious feast of the transfiguration of Christ, with the bringing to the church of the first fruits of the new harvest.

The national assembly will be a consultative organization in connection with the council of the empire and not a legislative body. The powers of the emperor remain theoretically absolute. As the emperor is the supreme law giver and autocrat, the decisions of the douma have only a recommendatory and not a binding force, though the rejection of any legislative measures by a two-thirds majority of both houses is sufficient to prevent that measure from becoming law.

The representatives of the people will have not only the right to be heard on any legislation proposed by the government, but also can voice their desires on new laws and will have the right to exert a certain

supervision over budgetary expenditures.

The suffrage, though wide, is not universal. It is based on property qualification, the peasantry having a vote through membership in communal organizations.

A considerable portion of the residents of the cities, possessing no lands, together with women, soldiers, civil functionaries, etc., are without suffrage.

### FRANCIS FOR PRESIDENT.

St. Louis Man to Be Head of Trans-mississippi Congress.

Portland, Ore., Aug. 19.—The permanent organization of the Trans-mississippi congress Friday unanimously decided to recommend the following officers for the ensuing year:

President, David R. Francis, St. Louis; first vice president, Colonel H. D. Loveland, San Francisco; second vice president, Ex-Governor L. B. Prince, New Mexico; third vice president, M. B. Larrimore, North Dakota; fourth vice president, B. A. Fellows, Kansas; secretary, Arthur B. Francis, Colorado (incumbent); treasurer, H. B. Topping, Missouri.

In response to a question as to whether the American Mining congress had ever taken any action that would tend to remedy certain alleged trust conditions said to affect the copper mining industry, J. H. Richards, president of that organization, replied that the board of directors of the mining congress had arrived at the unanimous conclusion that there is no force on earth except the United States government able to control the conditions signified.

The resolution on the subject of Chinese exclusion, as it will go to congress, petitions the president to make necessary investigations into the cause of the present boycott and to then recommend to the federal congress such recommendations for a comprehensive immigration law framed to remove all unreasonable restrictions, but to exclude all undesirable persons of every nation.

### WEBB JAY BADLY INJURED.

Cleveland Motorist May Die as a Result of an Accident.

Buffalo, N. Y., Aug. 19.—Webb Jay of Cleveland was probably fatally injured at Kenilworth Park Friday in the ten-mile automobile race. At the three-quarters of the fourth mile, Jay's machine crashed through the fence, down an embankment of fifteen feet and into a pond of water. What caused the accident is not known. It is believed, however, that Jay was blinded by dust and steered into the fence. He was driving about a mile a minute when the accident happened. Jay, unconscious, would have drowned had not two spectators sitting on the fence near by gone to his rescue and dragged him out. He was taken to the German hospital, where it was found that nine ribs were broken, one of his lungs was punctured, and his right femur was fractured. Pneumonia and pleurisy will set in within twenty-four hours and if he survives them he may live, the surgeons say. In addition to his more serious injuries, Jay was badly cut and bruised about the body and head.

## N. P. STRIKE DECLARED OFF

SPECIAL TO THE DAILY DISPATCH.

St. Paul, Aug. 19.—The operators strike on the Northern Pacific was officially declared off this morning, following the similar course in the case of the Great Northern last night.

### MUSIC AND DRAMA.

"THE CHAPERONS."

One of the most pretentious musical organizations that is touring the country this season, will present the successful Isidore Witmark's comedy-opera, "The Chaperons" at the Brainerd opera house next Tuesday evening, Aug. 22. This well-known attraction probably has more friends and admirers among the play-going public of America than any other musical piece ever written. "The Chaperons" company is said to number nearly fifty people, and the cast contains some well known players, including: Madelyn Marshall, Ruth Lloyd, Doris Goodwin, Harry Ladell, John Price, George Lydecker, Frank Wooley and W. V. Strunz. The piece was originally written by Frederic Rankin, author of "The Ameer," and was subsequently revised by the humorous writer, George V. Hobart. The music, which is entirely original, and said to be of a very light and catchy order, was composed by Isidore Witmark, head of the well-known New York music publishing house. Seat sale opens Monday morning, Aug. 21.

"SWEET CLOVER."

This entertainment to be offered at the Brainerd opera house Thursday evening, Aug. 24, will be the superb scenic production of the four act comedy, "Sweet Clover," with Otis B. Thayer and Gertrude Bondhill in the cast. The atmosphere of the play moves from the city to the country, and both localities are faithfully represented with intelligent attention to realistic details. Some of the dialogues are almost in the nature of a short sermon, while other portions are deliciously droll in their quaintness and truth, as witness the following:

"They say them as has heart disease for forty years always lives to bury all their relations."

"Courtin' and hoss tradin' is considerable alike. A man makes a better trade if he ain't too impatient."

"A balky hoss always has the pleasantest expression on his face just before he begins to balk."

"Foolishness and spooniness is sometimes more sensible than sense."

"Some men has to have a day an' hour set aside for proposin' and then ten chances to one they don't propose."

"I never seen two men folks get together yet, they didn't take up some old maid and sympathize with her on not having the luck to get married. Makes 'em feel considerable more complacent themselves a picturin' how miserable and destitute she is without 'em."

"They're courtin' when they're most too old for life insurance."

"HONEST HEARTS."

A story of villainy strikes the Kentucky wild flower, Marty, in "Honest Hearts," booked to appear at the Brainerd opera house soon, and threatens to wreck her old home on the farm. Strong hearts come to her rescue and even the blundering boy of her neighborhood gives priceless aid in the nick of time. The pile-driver and river scene with its climax of villainy is a great feature.

"IN OLD KENTUCKY."

Jacob Litt's big organization presenting "In Old Kentucky" will soon visit this city. Plays may come and plays may go but "In Old Kentucky" goes on forever. Now in the thirteenth season of its unparalleled career on the American stage, it still has the lead in the list of popular stage offerings. It has never been Mr. Litt's policy to send out the piece with an unworthy equipment or a cheap company.

Very Fortunate.

"The Paraders," the two-act musical comedy by Raymond W. Peck, is also responsible for the great success in Chicago of the La Salle Theatre productions, has been secured for the near future at the Brainerd opera house. This is a fortunate booking for Manager Griffith and one worthy of special notice as the attraction is to be seen in but very few one-night stands this season, it's time having been almost entirely booked in the larger cities of the country. This is strong evidence of the strength of the company.

## ONE STRIKE IS ENDED

TELEGRAPH OPERATORS OF THE GREAT NORTHERN ROAD TO RETURN TO WORK.

### RESULT IS NOT YET KNOWN

NORTHERN PACIFIC'S MEN VOTING ON A PROPOSITION TO CALL STRIKE OFF.

St. Paul, Aug. 19.—The strike of the telegraphers on the Great Northern railway system was officially called off at 9:15 p. m., the men on that line having voted by a large majority to return to work. The question of continuing on strike or returning to work is being voted upon by the Northern Pacific telegraphers, but up to 11 p. m. not sufficient advices had been received at headquarters to make a definite announcement as to the result. President H. B. Perham, however, stated that the indications were that the Northern Pacific operators would vote to continue the strike.

"The men on the Great Northern," Mr. Perham said, "voted almost solidly to return to work. This is explained by the fact that division superintendents offered the men individually advances in wages as great as we had demanded in our schedule submitted to the general offices, and as our end had been achieved there was nothing to gain by continuing the strike. The Northern Pacific has not offered its men the advance asked for, and indications point to a continuation of the strike on that line."

General Manager F. E. Ward of the Great Northern, however, denied that his company had offered the men anything more than it conceded prior to the strike.

### DEATH LIST NOW COMPLETE.

Nineteen Persons Perished in Wreck Near Norfolk, Va.

Norfolk, Va., Aug. 19.—Thirteen bodies have been recovered to date and the death list of the wreck on the Atlantic Coast Line railroad at Bruce's station is yet far from complete. It is said that a score or so of bodies floated down with the tide when the first submerged car was raised and that the other passenger coach, jammed with dead negroes, is now buried in the mud of the western branch of the Elizabeth river. The estimates of the loss of life range anywhere from 50 to 75 and even as high as 100.

All day long the operations of the rescuing and wrecking crews continued. When derricks brought the first coach up from its submerged position it hung at an angle and the strain loosened the ends of the car. As a result seats, cushions, etc., were washed out and down into the river, and with them the dead imprisoned, and it is claimed that a large number of the bodies have been washed away by the sweep of the tide.

The removal later of the first car revealed but two bodies, making the number of bodies recovered thirteen, with five persons missing. None of the injured now in the hospitals will die.

A careful examination of the bottom of the river showed no more bodies and the railroad officials are convinced that the death list is now complete.

The small casualty list in the first car is explained by the theory that when the emergency brakes were applied many of the passengers thought a collision was imminent and rushed into the second car and all had time to escape, except two.

J. J. Thompson, a sixty-year-old farmer, displayed considerable heroism when the disaster occurred. He leaped to the second coach, cut a hole in its roof and extricated thirty-five people before the car sank.

Cleveland Thompson, his son, who was an eye witness of the disaster, declares that Engineer Reig stuck at his post and fell from the engine, and that the red danger flag used at the bridge had faded so from long usage that it was almost white. The draw was open for a tug, which by quickly reversing engines narrowly escaped being caught by the falling locomotive and cars.

### KILLS HIS WIFE BY MISTAKE.

Tennessee Man Shot Her in Belief That She Was a Burglar.

Knoxville, Tenn., Aug. 19.—Harvey Mize, a citizen of Bennett, Tenn., shot and instantly killed his wife at an early hour in the morning, mistaking her for a burglar. Mrs. Mize had gone to the rear of the house to get a drink of water for her little girl, who was ill. Her husband was awakened and seeing the shadow of a person before him seized a pistol and fired. His wife died without being able to speak a word. The father and little daughter are grief-stricken.

## APPROPRIATELY COMMEMORATED

Twenty-fifth Anniversary of the  
Marriage of Mr. and Mrs.  
Edward B. McCullough

## MANY FRIENDS WERE PRESENT

Home was Beautifully Decorated  
—An Event of More Than  
Ordinary Interest

If the event of the marriage of Mr. and Mrs. Edward Benjamin McCullough on August 18, 1880, just twenty-five years ago yesterday, was a more joyous one than the event of the celebration of their silver wedding last evening at their beautiful home on Fourth street north then that joy must have compared with the kind spoken of by the bards as that "which came down shower-like." The celebration of this most important event in the lives of Mr. and Mrs. McCullough was in every way the swellest social function in Brainerd in some time as the large number of guests who called to offer congratulations and best wishes will attest. The beautiful surroundings of the McCullough home made the event interesting and enjoyable and with the added charms of the decorations and arrangements there was nothing more that the most fastidious could desire.

At half past 8 o'clock the strains of music rendered by Graham's orchestra fell on the evening air and the guests commenced to assemble. The orchestra was stationed in the den and from the open window those who paraded up and down the well lighted lawn were charmed with the music.

The home was lavishly decorated, cut flowers, asparagus, ferns and palms being used in profusion. The hall was done in yellow and green and was especially pretty. In one corner of the room there was a canopy made of fern and cut flowers beneath which was the frappe bowl from which the guests refreshed during the evening. Mrs. Werner Hemstead and Mrs. J. J. Howe presided here.

Mr. and Mrs. McCullough, Mrs. Isabelle Huffman, of Clinton, mother of Mrs. McCullough, Mrs. Sarah Simons and daughter, Miss May Simons, of Chicago, the former a sister of Mrs. McCullough, received in the drawing room. The drawing room was exquisitely decorated, white and green being the prevailing colors. Huge banks of fern were used and cut flowers were placed here and there.

The dining room was presided over by Mrs. George D. LaBar and Mrs. Rudolph J. Hartley and they were assisted by the Misses Islay McColl, Kitty Johnson, Mabel O'Brien and Mabelle Greweck. The dining room was profusely decorated with sweet peas. The table was heavily laden with a mound of sweet peas arranged in the shape of a star. Pink ribbons with clusters of sweet peas were hung from the chandeliers. Dainty refreshments were served throughout the evening.

Upwards of two hundred guests called during the evening and it was one of the most lavishly arranged affairs seen in some time. Mr. and Mrs. McCullough besides receiving the congratulations and best wishes of a large number of friends received a very beautiful collection of silver presents.

### Celebrate Winning Banner

Brainerd Court, No. 1033, Court of Honor, known as the banner court of Minnesota, celebrated its second winning of the state banner at Baker's hall last night. Of the many courts in Minnesota, Brainerd made the largest semi-annual gain in membership and is entitled to hold the banner during the balance of 1905. If successful in the third contest, Brainerd gains permanent possession of the trophy valued at over \$100.

State Chancellor J. M. Stickney, of St. Cloud, was present and delivered an eloquent address explaining the benefits and advantages of membership in the order, extolling its conservative management and financial strength and complimenting the members on their efforts. John A. Hoffbauer spoke on local affairs and also mentioned the great amount of free advertising Brainerd court and the city of Brainerd were getting in the official paper. Christopher Racy gave a short, witty address on the history of the local order, its future aims, and told a bear story which brought down the house. A fine recitation by Mrs. Arthur E. Thayer, soprano solo by Mrs. Bertha Bruce, piano number by John F. Hansman, violin duet by John A. Hoffbauer and Miss Ida Hoffbauer completed the program, after which a lunch was served.

## EARTH CAVED IN

### BOY WAS KILLED

Walter, Nine Year Old Son, of Eugene Morey, Met Death in a Distressing Manner

### EIGHT FEET OF EARTH

Covered the Boy and When He was Dug Out From Beneath It He was Dead

What was the most distressing and heart rending accident occurred in West Brainerd last evening at the home Eugene Morey, when his nine-year-old son, while assisting his father in digging a cistern was caught in a cave-in and was buried beneath some eight feet of earth and died before he could be taken out.

The father and son were engaged in digging a cistern. The manner in which the same was being done leads to the belief that it was a very careless piece of business, but little was thought of the danger as Mr. Morey had often dug cisterns in the same manner. He first dug a hole in the ground some four feet deep about the size of a barrel and then after cementing the interior of this hole started to dig underground making the excavation the shape of a large jug. A part of this jug-shaped hole had been dug and it is thought that they were down about eight feet. Last night they went down the hole together, the father and the son, and scraped the walls of the excavation which had been cemented. The father then started to dig some more and threw the dirt to the center of the space just beneath the opening. The father then went to the surface and lowered a pail attached to a rope and the boy was left below to fill the pail. They had been working in this manner but a few minutes when the whole thing caved in and the poor unfortunate lad was buried beneath a load of dirt.

The alarm was sent out at once and the father with several other men started digging for the boy. It took fully half an hour to extricate the boy and when he was pulled out he was dead.

Drs. Buskirk, Ide and Green were called from the Northern Pacific sanitarium and they worked over the boy for several hours, but failed to resuscitate him. Once they thought they felt a movement of the heart, which gave them encouragement, but they finally gave up all hope of bringing the boy to life again.

Coroner Thos. Gibson was called to the scene shortly after the boy had been taken out and the body was ordered removed to the house. An inquest was not deemed necessary as it was apparent how the boy met death. No further action will probably be taken.

The boy was a bright young fellow and was especially well known among the residents of West Brainerd.

It is understood that Mr. and Mrs. Morey lost a babe about four weeks ago from an accident and this second bereavement is therefore a severe blow. The other child is said to have died from poisoning, some poison having been given it by mistake, the mother thinking it was medicine.

Dr. Conrad Adler, the discoverer of Dr. Adler's Treatment says: "My medicine not only cures appendicitis but also prevents it. A person taking one dose a week will be absolutely safe from this disease. Everybody should take it. Johnson's Pharmacy.

## IN FEVER SITUATION

LITTLE CHANGE IS SHOWN AND THE DISEASE CONTINUES TO SPREAD.

New Orleans, Aug. 19.—The following is the official yellow fever record to 6 p. m., Friday: New cases, 62; total cases to date, 1,285; deaths, 8; total deaths to date, 188; new sub-foci, 16; total sub-foci to date, 273; number of cases under treatment, 415.

The figures for the day show nothing of special interest. Eleven of the sixteen sub-foci are above Canal street. Two more cases have appeared in the French asylum on St. Ann and Derbigny streets, making five in all. That is the only asylum infected up to date. Of the deaths, two were in the charity hospital and two in the emergency hospital. One occurred in Algiers.

News from outside the city continues unfavorable. Dr. Brady, the medical inspector of the state board of health, who is also health officer of Jefferson parish, spent most of the day in his own parish, on a still hunt, and found several cases. He found one case in Hanson City, two cases in Shreveport and one case in McDonoghville.

Dr. Brady also visited Pecan Grove plantation in St. Charles parish, and found five cases in two houses.

Patterson reports six new cases and no deaths.

Alexander's one patient, G. J. Haydel, died Friday.

There were no new cases in Mississippi City.

He writes: "At the age of 11 months, our little girl was in declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for consumption, coughs and colds. The first bottle gave her relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At H. P. ### FOR PHILADELPHIA STRIKERS.

International Typographical Union Votes to Pay Weekly Sum.

Toronto, Ont., Aug. 19.—The International Typographical union at its session Friday voted to pay \$250 a week to aid the union printers in their strike against the Philadelphia Inquirer on the condition that the Philadelphia union will subscribe a like amount.

A resolution that no union man shall join the militia was voted down. A resolution was offered asking the union to have a bill passed in the United States to pay a pension of \$12 a week to wage earners who have earned \$1,000 a year continuously for twenty-one years. It was rejected. The anti-ticket scalping law was condemned.

At the afternoon session an alleged schoolbook trust was discussed.

## FALL TRADE GATHERING FORCE.

Favorable Results Also Shown in Harvested Crops.

New York, Aug. 19.—Bradstreet's weekly review of trade says fall trade, while not yet under full headway, is steadily gathering force. Good weather for harvesting and threshing, except in portions of the Northwest, continues to reveal very favorable results in both spring and winter sown grains. Combined cereal yields will probably exceed all past years in both quality and quantity. Relatively high prices for agricultural products, manufactured materials and staple products do not deter buying operations. Collections on the whole have improved slightly, and even in the South, except in a small area of the fever-infected zone, trade and collections are alike better than anticipated earlier, while the West and East also return more favorable advices. Currency shipments to the country are increasing, but have no particular effect on money rates as yet. Features this week at Western markets have been numerous excursions of buyers arriving at Kansas City, St. Louis and Chicago.

### TORNADO IN NEBRASKA.

Much Property Destroyed, But No Lives Reported Lost.

Wellfleet, Neb., Aug. 19.—A destructive tornado passed north of this place at night, destroying barns, crops, stock and stacks of hay. At the farm of Votaw Brothers twenty-six head of horses were crushed to death. Next in the path was McReynolds' ranch, where it killed fifty-six cattle and crippled many more. So far as reported, no lives were lost or serious injuries inflicted.

### TWO INFERNAL MACHINES.

Sent to Prominent Men in New York City.

New York, Aug. 19.—Two small infernal machines were sent to prominent New Yorkers Friday. Jacob H. Schiff, the banker, who early this week conferred with M. Witte, the chief Russian peace plenipotentiary, concerning the condition of the Jews in Russia, was the target of the more dangerous of the machines, a contrivance capable of causing death. The other was received by M. Guggenheim's Sons, and was directed to the office of the American Smelting and Refining company.

Mr. Schiff was absent from the city, being at Bar Harbor. The banking firm of Kuhn, Loeb & Co., of which he is a member, received by mail a wooden box about six inches long, addressed to Mr. Schiff, and marked as though coming from Edward VII. It was immediately turned over to the police, although at first regarded as a joke.

Removal of the box's wooden cover disclosed a package wrapped in paper bearing stock quotations, but inside was a contrivance arranged at the least rough handling to discharge two cartridges, loaded with lead slugs. The entire affair was enclosed inside a cylinder of emery paper, tightly sealed with cotton and containing thirty-one grains of highly explosive powder and matches. The matches were placed so as to be ignited by the emery paper and then to touch off the powder and cartridges. An oily substance soaked the entire machine, apparently to doubly insure a dangerous explosion.

The other infernal machine, received by M. Guggenheim's Sons, differed only by containing a phial filled with liquid in place of the cartridges.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

### GAMBLING HOUSES RAIDED.

Large Number of Persons Captured in Milwaukee.

Milwaukee, Aug. 19.—District Attorney Francis E. McGovern, through Sheriff Cary, made a wholesale raid on the gambling houses of Milwaukee Friday night, capturing a large number of frequenters and a large amount of paraphernalia. The places raided were the most prominent of the kind in the city. The list includes the following places: Gus Koch's, John Slaughter's, Frank Morganroth's, The Broadway, Thomas McIntyre's, The Eldorado, The Oriental and Gas McCabe's.

The district attorney swore out the complaints, arranged for witnesses in each place and with arrangements completed with the sheriff, twenty-four deputies in squads of three pounced upon the eight places at once.
